

South House Silver Workshop Trust—Shetland June 2013

The second week-long workshop with five Bishopsland graduates

On the 2nd June I was joined by Hayley, Linda, Harriet, Jen and Maddie from Bishopsland. We had a thoroughly enjoyable week long project with all the girls working long days and producing some fine results. For some of the girls this was their first experience of chasing and they all really enjoyed experimenting with the technique. I would like to thank Bishopsland, Oliver the Pope and the Trustees for making the project possible. It was a real privilege working with such enthusiastic and talented young makers. The good news as far as Sheila and I are concerned is that we have been granted Charitable Trust Status for our educational work and we should now be able to raise further funds so that more young makers can join us in the future. Lizzie Peers, Sophie Stamp, Kate Earlam and Ryan McClean have been granted Queen Elizabeth Scholarships (QEST) so that they can travel to Shetland next February for a two week long silversmithing course which is really exciting. Sheila and I would again like to thank all the friends and donors that have helped us and made this venture possible. Thank you.
